## 20 SECONDS WITH THE NAZARENE

I met a little maid  
A rosy burden bearing;  
"Is he not heavy," I said  
As past me she was hurrying.  
She looked at me with grave, sweet eyes,  
This fragile little mother,  
And answered in swift surprise:  
"Oh, no Sir, he's my brother."

## WOODS SAFETY DAY TO BE HELD AT FARMINGTON ON APRIL 22

The forest industries of western Maine will converge on Farmington, Saturday, April 22, to explore various ways of strengthening a safety program among those persons who work in the Maine woods.

The program will get underway at Farmington High School at 9 a. m. with something of interest to both men and women. Men will attend a session on "Chain Saw Care and Maintenance," while the women discuss "Safe Logging and Lumbering."

A coffee break will be held at 9:30 and this will afford an opportunity for people to register and look over an array of exhibits.

Men who attend either one program or another at 10 o'clock will be able to receive that program again at 11 o'clock.

Women will attend a 10 o'clock session on "Home First Aid" which will instruct them on ways

## LABOR DEPT. BUREAU REVERSES POLICY ON TEMPORARY FARM HELP

Agricultural employers who anticipate employing foreign workers in Maine must first offer domestic workers a rate of \$1.45 per hour or a piece rate to meet a guarantee of \$1.45 an hour, in addition to other benefits, to test the availability of American workers.

This has been announced by Arthur C. Gomez, Regional Administrator of the U. S. Department of Labor's Bureau of Employment Security.

In the last two years, the utilization of foreign farm workers in Maine has dropped, with the peak number employed only 3151 last year, compared to 3900 in 1965 and 7000 in 1964.

If American workers are not available under these circumstances, the grower can then apply for foreign workers. The rate previously had been set at \$1.25, and was adjusted to reflect the nationwide increase in farm labor wages over the last two years as reported by the U. S. Department of Agriculture.

The amended regulations will go into effect for crop activities starting immediately.

The Bureau also announced that fruit fractures, cuts, burns and frost bite

are to be covered in the High School cafeteria at 12 noon. At 1:30 p. m. there will be a general session on "The Pocket First Aid Kit—First Aid in the Field" and a film on "Transporting the Injured." A session on "Insurance" is scheduled for 2 p. m. and a review of "The Maine Motorist Law" is set for 2:45 p. m.

The end term of the District Regional High School has been passed for the late Dr. Gardner Baker. There will be an official dedication to the fall.

A late Monday afternoon fire of unknown origin destroyed the barn and all of property owned by William Weston in Rumford Center. Eleven sheep perished in the fire. A tractor and hay in the barn were destroyed. Firemen of the center fire department and the Rumford station were able to contain the fire before the one and half story house was badly burned. ## CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS HOLDS GENERAL CONFERENCE

Clon E. Pinkham, President of the South Paris Branch of the Church of Jesus Christ of Latter-day Saints has announced that the 137th Semiannual General Conference of the Church, originating at the historic Mormon Tabernacle on Salt Lake City's Temple Square, will be broadcast over WCHS-TV, channel 6, Sunday, April 9, at 10:00-12:00 a. m. The Mormon Tabernacle is the traditional home of the 375-voice Tabernacle Choir and Organ of 11,000 pipes familiar world wide through weekly radio and television broadcasts.

The conference broadcast by radio began in 1928 over KSL. Television coverage began on KSTV in 1953 and is now carried by an independent network of more than 200 stations from coast to coast.

Through these broadcasts, the General Conference with its stirring and uplifting messages, the music of the Salt Lake Tabernacle Choir and Organ, and the sight and sound of the huge congregation have become familiar in millions of American homes.

Organized on April 6, 1830, by Joseph Smith, who is revered by members as a prophet, The Church of Jesus Christ of Latter-day Saints is a religion which stresses the importance of the home and family.

## ANYONE FOR SINGING?

"Nothing succeeds like success," and the success of the recent Easter Music Festival has spurred the enthusiasm of many to form a choral group.

A thriving community needs to cultivate all forms of Art and since Music is a universal language, what better way to grow than by joining friends and neighbors in a community singing group. So—"oldsters—yongsters—in betweeners," dust off those vocal chords!

You bath-tub vocalists, follow that urge to reach for the high note as you reach for the soap! In the meantime, watch this paper for further details until then, "Happy Singing!"

that it had allocated \$10,000 to the New England Apple Council as a matching grant for the operation of the Council's manpower projects. The project, financed last year by a 100 per cent grant from the Department, represented an effort by the industry to solve its own recurring personnel problems. The project of late is in Manchester, N. H.

## WRONG TAX TABLES

Income tax refunds of many Maine taxpayers are being delayed because they have not used the right tax table or schedule to compute their tax, IRS reported today.

Whitney L. Wheeler, IRS District Director for Maine, said that the IRS Service Center in Andover, Mass., where returns from Maine and six other states in the North-Atlantic Region are processed, reports that so far this year, 12,897 showed that the wrong tax table or schedule was used to calculate the tax due.

Mr. Wheeler urged Maine taxpayers to use the right table or schedule when they file returns. By making sure the right one is used a taxpayer can save the government money and avoid any delay in receiving a refund.

There are tax tables on Form 1040 for married couples filing joint returns, single persons and married couples filing separate returns and for unmarried persons who qualify as head of household.

On the 1040A, there are tax tables for single persons, married couples filing jointly and heads of household and for married couples filing separate returns. One of the major reasons for delay in issuing refunds is the failure of taxpayers to include their correct Social Security number on the tax return.

As of last week, Mr. Wheeler reported 17,050, refunds had been delayed in Maine and the other states of the North-Atlantic Region, because of incorrect or missing Social Security numbers.

Mr. Wheeler reported that to date other refunds are being held up because of a variety of other errors or failures to comply with instructions mailed to each taxpayer with his tax forms.

Tax returns filed up to last week included 9,053 without the signatures of husband or wife or both. These will have to be sent back to the taxpayers before refunds can be processed.

Returns with errors in arithmetic which are causing delays in sending refunds so far total 49,747 in the North-Atlantic Region.

As of last week, Mr. Wheeler said, the Internal Revenue Service Center in Andover had processed 99,729 refunds of Maine taxpayers for a total of \$12,200, 017.61.

At the South Woodstock Seventh-day Adventist Sabbath School on April 8 Mrs. David Dunham will have charge of the special topic for the day—"Investment."

"Investment" is a project carried on in all Sabbath Schools world-wide to supplement mission offerings. Members choose a project, such as raising vegetables, selling home-made products, or saving certain coins, and dedicating the proceeds to missions, bringing the returns on the last Sabbath in November.

In this way thousands of dollars are raised each year for missions.

In 1966 the South Woodstock Sabbath School raised \$600 by this method.

ASSEMBLY OF M. T. A. TO MEET APRIL 21-22

Maine Teachers Association members throughout Maine are meeting next week to discuss education aid and legislative issues in preparation for sessions of the MTA Representative Assembly.

The 72 elected delegates to the Representative Assembly will meet April 21-22 in Waterville to determine MTA policy for the coming year.

A series of 28 meetings have been scheduled from April 10 to 13 with delegates and MTA building representatives for discussion of issues that range from a proposed dues increase to questions of taxation and school subsidy.

The meetings will be preceded by a canvass of teacher opinion by the building representative.

Up for discussion are resolutions dealing with certification, use of teacher aides, retirement, professional negotiations.

The Executive Committee is proposing a "double-o-three" base for MTA dues which would set dues at .003 of the average Maine teaching salary of the preceding year.

The Assembly has been enlarged this year from 52 to 72 members by a by-laws change granting the right of individual representation to local associations with more than 100 active MTA members.
